

Dallas College

An institution with **Unbounded** means to *Your* goals

Presented by: Trustee Catalina E. Garcia, M.D.

More than just the “basics”

Dallas College can provide a more cost-efficient start for a university-bound student, but with so many options, WHY STOP at the basics?

The new ‘Schools of’ model provides the student a better vision (by industry) of the opportunities available, unveiling direct or unexpected avenues towards their goal.

- School of health Science
- School of Business, Hospitality and Global Trade
- School of Creative Arts, Entertainment and Design
- School of Engineering, Technology, Mathematics and Sciences
- School of Law and Public Service
- School of Manufacturing and industrial Technology
- School of Education

An Institution structured to **build your knowledge...**

Providing classes that are valuable and adaptable to any student's goals:

Degree or University-bound student

Workforce-bound student

Personal Enrichment student
